

PUBLIC NOTICE

In accordance with the National Environmental Policy Act, the United States Air Force, 45th Space Wing (45 SW), as the Executing Agency for United States Space Force, offers for public comment the Draft Environmental Assessment (EA)/Finding of No Significant Impact (FONSI) for the Relativity Space Inc. Terran 1 Space Launch Program at Launch Complex 16, Cape Canaveral Air Force Station, FL. The Draft EA assessed potential impacts to land use/visual resources, noise, biological resources, cultural resources, air quality, climate, hazardous materials/hazardous waste (which includes solid waste and pollution prevention), orbital debris, water resources, geology and soils, transportation, utilities, health and safety, socioeconomics, environmental justice, and Section 4(f) properties. The Draft FONSI is based on the findings in the Draft EA. Copies of the Draft EA/FONSI are available for review through 30 May, 2020 at the 45 SW Public Affairs Office, Bldg 423, Rm C-129, PAFB, Florida and online at www.patrick.af.mil (at "About Us" under the "Environmental" tab) and the Relativity website at <https://www.relativityspace.com/infrastructure> (scroll down to Launch Complex 16 and click the link to the Draft Environmental Assessment for Complex 16).

Comments regarding these draft documents may be addressed to Ms. Eva Long, 45 CES/CEIE, 1224 Jupiter Street, MS 9125, Patrick Air Force Base, Florida, 32925-3343; or Email to: eva.long@us.af.mil. NOTE: Comments must be provided in the body of the email and not as a separate attachment or link. Emails containing attachments or links will be discarded and not considered.
