Restoration Program AFCEC/CZO
Attn. Ms. Regina Butler
1224 Jupiter Street
Patrick AFB FL 32925-3343

(or via e-mail)
regina.butler.1@us.af.mil

(or via FAX)
(321) 853-5435

Conflict of Interest

Any individual with financial interests affecting their impartiality in dealing with matters presented to the RAB may not participate as a member of the board. A conflict of interest may exist if direct personal financial gain or an unfair business advantage could result from the implementation of recommendations for environmental restoration.

Privacy Act Notice

The principle purpose for this data collection is to determine eligibility based upon community diversity considerations for individual participation on the SLD 45 Restoration Advisory Board. Disclosure is voluntary; however, data collected for application review will be solely used and evaluated to determine RAB membership eligibility. Please note that if you are selected, you agree to publication of your name, telephone number, and email address so that community members may reach you with any concerns regarding the SLD 45 Restoration Program.

What is the Restoration Advisory Board?

The Restoration Advisory Board (RAB) is comprised of members from Brevard County working in conjunction with Space Force personnel and the Florida Department of Environmental Protection (FDEP) concerning environmental cleanup activities at Patrick Space Force Base (PSFB) and Cape Canaveral Space Force Station (CCSFS).

The intent of the RAB is to bring together community members reflecting the diverse interest within the local community, enabling the early and continued two-way flow of information, concerns, values, and needs between affected communities and the SLD 45.

Currently, members of the RAB meet 3 times per year (February, June, October) to receive updates on program status and to discuss the technical approach to ongoing environmental studies and restoration activities at both PSFB and CCSFS. All RAB meetings are open to the public and technicians are available to provide support and additional restoration project and site information to RAB members.

Member Responsibilities

RAB members volunteer to serve a specified term and attend all RAB meetings. Members are expected to be available to community members and civic groups to facilitate the exchange of information and/or concerns between the community and the RAB. Members are welcome to provide feedback on technical documents and activities associated with the Installation Restoration Program at PSFB and CCSFS.

Additional Information

For more information regarding the SLD 45 Restoration Advisory Board and/or the Installation Restoration Program, please contact Ms. Regina Butler, Technical Lead, by phone (321-494-9298), email (Regina.Butler.1@us.af.mil), or by mail at:
