

## Space Launch Delta 45 Prime Contractors Small Business Subcontracting Opportunities

---

### Launch and Test Range System (LTRS) Integrated Support Contract (LISC)

#### **Range Generation (RG) Next** (Large Business)

John Butler, (256) 701-0509 / [john.butler@rgnext.com](mailto:john.butler@rgnext.com) / Dulles, VA

Provides launch and test range system support function to the Eastern and Western Range. Provides day-to-day operations, maintenance, and sustainment activities

### Safety Hazard Analysis and Risk Processing System (SHARP II)

#### **ARCTOS Technology Solutions, LLC** (Small Business)

Fred Lacey (937)559-6830 / [fred.lacey@arctos-us.com](mailto:fred.lacey@arctos-us.com) / Beavercreek, OH

Provides the technical support required to augment and operationally implement the comprehensive safety program of the 45 SW as it pertains to the use of Flight & Risk Analysis software models.

### Pad Safety Support Contract (PSSC II)

#### **Metis Technology Partners (MTP)** (Joint Venture Protégé Small Business)

Joy Colucci, (505) 705-3065 / [joy.colucci@metis-tech.com](mailto:joy.colucci@metis-tech.com) / Albuquerque, NM

Oversight of pad safety operations, including ordnance, liquid and solid propellants, cryogenics, radiological materials, high-pressure systems, critical handling equipment, launches

### Instrumentation Radar Support Program (IRSP) III

#### **BAE Systems Technology Solutions & Services Inc.** (Large Business)

Diane Dempsey, (703) 563-7991 / [smallbusinessIS@baesystems.com](mailto:smallbusinessIS@baesystems.com) / Rockville, MD

Logistics sustainment support to instrumentation tracking systems e.g. radar, telemetry, optics, flight termination systems, global positioning system, and data acquisition systems for test ranges worldwide to include warehousing, requisitions, fabrication, overhauls and engineering support

### Ascension Base Operations Support (ABOS)

#### **Yang Enterprises Inc. (Woman Owned Small Business and Asian-Pacific American Owned)**

Mike Sonnenschein (407) 365-7374 / [mike.sonnehschein@yangenterprises.com](mailto:mike.sonnehschein@yangenterprises.com) / Oviedo, FL

Base operations services and mission support at Ascension Auxiliary Air Field to include operation and maintenance of High Frequency Global Antenna and tenant systems, broad range of civil engineering services, non-mission communications, airfield management, air traffic control, aircrew services, airfield ground support services, variety of public health and medical services, emergency response, emergency medical, fire protection services for facilities, aircraft and personnel, security services for surveillance and intrusion detection, emergency management program, lodging, housekeeping, custodial, dining, laundry, recreation and other related services

### The Advancement of the Next-gen Operational Spaceports (THANOS)

#### **OES-Pond JV II, LLC** (8(a) – Tribal Owned Corporation)

Crystal Donaghue, J.D., (505) 379-4586 / [cdonaghue@oescgoup.com](mailto:cdonaghue@oescgoup.com) / Milwaukee, WI

Provide services for program management, program development, program briefing, project management, engineering programming, environmental analysis, environmental compliance, engineering studies and review

### Cape Launch Operations Infrastructure and Support III (CLOIS III)

#### **NetCentric Technology, LLC** (Alaskan Native Corp)

Beverly Neurock, (321) 853-3230 / [BNEUROCK@asrcfederal.com](mailto:BNEUROCK@asrcfederal.com) / Neptune, NJ

Provides Operations, Maintenance and Engineering services associated with all Space Force Station facilities, critical launch facilities, payload processing, Ordinance and Mission critical support

## ***Space Launch Delta 45 Subcontracting Opportunities, cont'd p. 2***

### **Eastern Western Operational Communications Services (EWOCS) Support**

**Full Spectrum Operations, LLC** (Small Business – Joint Venture)

John Schleifer, (703) 789-4481 / [john.schleifer@acommsolutions.com](mailto:john.schleifer@acommsolutions.com) / Fairfax Station, VA

Provides communication systems maintenance, operations, and support services to the SLD 45, SLD 30, and Mission Defense Agency for voice, video, data, and infrastructure yielding a robust communications capability for a wide range of customers in a dynamic launch environment

### **Base Visual Information Services**

**Kreative Marketing Strategies, Inc.** (8(a))

Kyla Gordon, (954) 433-3515 / [kyla@km-strategies.com](mailto:kyla@km-strategies.com) / Miami, FL

Operation of Base Visual Information Services and video tele-conference center operations

### **Fire Protection, Emergency Management & Emergency Medical Services (FEMS) IV**

**Chengega Security California Corporation** (8(a))

Harrison Reif, (703) 213-5609 / [harrison.reif@chenega.us](mailto:harrison.reif@chenega.us) /Chantilly, VA 20151

Fire, Emergency and Medical Services at Space Force Station

### **Grounds Maintenance (Space Force Base)**

**Roberts Treescaping, LLC** (Small Business)

Tina Tucker, (303) 366,1463 / [tina.tucker@rtscaping.com](mailto:tina.tucker@rtscaping.com) /Aurora, CO

Grounds maintenance and landscaping services to include xeriscaping, tree trimming and weed control services at Patrick Space Force Base

### **Simplified Acquisition of Base Engineering Requirement - SABER (CCAFS)**

**Anderson Place Construction** (8(a))

John Henderson, (407) 509-91187 / [john@ap-const.com](mailto:john@ap-const.com) / Orlando, FL

Design, construction, maintenance, repair; electrical, mechanical, heating, air conditioning, structural, paving, landscaping, painting, roofing, plumbing, asbestos/lead paint removal at Space Force Station
